

Dear All,

We are committed to provide children and youth a platform to enhance their skills, knowledge and experience. So, here we come once again with the program of Earth Day extravaganza comprising of science, knowledge, art, skill, environment and culture. The annual carnival is a potpourri of creativity, learning and fun. There are lots of activities to participate in, competitions to win and knowledgeable online lecture series of experts. Anuragym is going to organise National Level Competition & Exhibition. The main highlights of the program will be:

A. Awareness & Activities :

Pick up Litter, Tree Planting and Expert Lecture Series.

B. Competitions & Exhibition :

Drawing and Painting

Global Humanitarian Techno and Art Exhibition - 2024

Theme of the Year : Planet vs. Plastic
